Professional Summary

Data-driven professional with 2+ years of experience in analytics, machine learning, and product strategy. Proven ability to translate business challenges into scalable data solutions, enhancing user engagement and unlocking revenue growth. Adept at building predictive models, optimizing product features, and leveraging NLP to drive innovation in AI-powered environments.

Core Competencies

- **Technical Skills:** Advanced Excel, Python, R, SQL, TensorFlow, Power BI, Git
- **Machine Learning:** Supervised and Unsupervised Learning, NLP, Deep Learning
- **Data Analytics:** Predictive Modeling, Regression Analysis, A/B Testing, Data Visualization
- **Product Analytics:** User Behavior Analysis, Feature Optimization, Metrics Tracking
- **Project Management:** Agile Methodologies, Certified Scrum Master, Cross-Functional Collaboration
- **Soft Skills:** Leadership, Communication, Team Management, Problem-Solving

Professional Experience

Product Analyst

Feb 2025 – Present

HURU, Delhi, India

- Leading product analytics for remittance platform with focus on user conversion, retention, and corridor performance.
- Delivered actionable insights weekly to leadership, optimizing campaign and acquisition strategy.
- Designed end-to-end dashboards and SQL pipelines to monitor KPIs like TPV, ATV, CAC, funnel drop-offs, and offer ROI.
- Proposed experiments and re-engagement strategies for churned users using transaction and behavioral segmentation.

Business Analyst

July 2023 – Feb 2025

Decision Point Analytics Pvt. Ltd., Gurgaon, India

- Performed customer analytics for a GPT-based chatbot proposing feature enhancements for increased user adoption, innovation and new product development.
- Implemented NLP algorithms to enhance chatbot performance, boosting user engagement by **40%** and reducing customer service costs by **15%**.
- Led a cross-functional team of 10 in an agile environment, delivering projects **2 weeks ahead of schedule**.
- Collaborated with product teams to define key metrics, improving product performance tracking by **25%**.

Graduate Engineer Trainee

July 2019 – August 2020

Samsung Engineering India, Noida, India

- Conducted analysis for stress testing in hydrocarbon systems, ensuring compliance with safety standards.
- Managed a team of **22 engineers** in a dummy Project.

Education

M.Tech in Computational and Experimental Mechanics

GPA: 8.54/10

Indian Institute of Technology Madras (IIT Madras), Chennai, India

May 2023

- **Thesis:** "Advanced Materials Modeling Using CNNs and LSTMs for Predictive Analysis"
- **Achievements:** Student Legislative Council Member (2022 - 2023)
- **Relevant Coursework:** Machine Learning, Advanced Data Analytics, Computational Mechanics

B.Tech in Mechanical Engineering

GPA: 8.18/10

Delhi Technological University (DTU), Delhi, India

May 2019

- **Achievements:** Graduated with Distinction; Ranked Top 20 out of 180 students

Projects

Product Growth Analytics

Python, SQL, Power BI

- Conducted in-depth user behavior analysis to identify growth drivers.
- Uncovered insights leading to a strategic shift, unlocking a **\$16 million revenue opportunity**.
- Presented findings to senior leadership, influencing key business decisions.

NLP Chatbot Enhancement

Python, NLP Techniques

- Improved keyword prediction accuracy by **35%**, leading to higher user satisfaction.
- Reduced average query resolution time by **20%**.

Certifications

- **Certified Scrum Master**, Scrum Alliance 2021
- **Data Science & Machine Learning with Python**, Indian Institute of Technology Roorkee 2022
